**REVOLUTIONIZING FUEL ECONOMY INSIGHTS FOR TOYOTA EMPLOYEES**

THE PROBLEM

THE CHALLENGE TOYOTA FACES

Toyota employees manage and analyze large volumes of fuel economy data, but:

- Data Overload: Analyzing data from multiple models and years is time-consuming.

- Lack of Predictive Insights: Limited tools to forecast fuel trends or identify efficiency opportunities.

- Inefficient Processes: Reliance on manual data handling hinders quick decision-making.

THE SOLUTION

- A CENTRALIZED PLATFORM FOR MANAGING AND ANALYZING FUEL ECONOMY DATA
- LEVERAGES AI TO PROVIDE REAL-TIME INSIGHTS AND TREND PREDICTIONS
- EMPOWERS EMPLOYEES WITH ACTIONABLE DATA TO MAKE SMARTER DECISIONS

SEE IT IN ACTION

WHAT'S NEXT FOR TOYOTA FUEL VIEW?

- EXPAND DATASETS TO INCLUDE GLOBAL FUEL STANDARDS AND MAINTENANCE RECORDS
- INTEGRATE DRIVER BEHAVIOR ANALYTICS FOR FURTHER OPTIMIZATION
- SCALE THE APP FOR GLOBAL TOYOTA REGIONS AND DEALERSHIP TEAMS

WHY US?

▲ Operational Benefits: Streamlined data analysis and decision-making

⬟ Environmental Impact: Data-driven strategies to reduce GHG emissions

✖ Productivity Gains: Empowers employees with actionable insights

⧓ Drives Efficiency and Sustainability
